## **High Standards:** Our Only Standard

For over a half of a century, R. James Smathers and the Smathers Insurance Agency have been the agency that people turn to with confidence for their entire spectrum of insurance needs. From its modest beginnings in 1957, with a staff of one, we have grown into a large agency employing over 20 people.

We have been and hope to continue to be here for you because we know "It's always Something".

That persistence has obviously paid off because today we rank among the largest independent agencies in Clarion County. But rather than resting on that reputation, we are working even harder today to build an even stronger foundation for the future.

What are the Smathers Agency's High Standards? Namely, to provide you with the highest possible level of personal service. We are constantly updating our computer technology to keep up with today's fast moving society, but we know that our customers are not all the same, so we offer a variety of ways to contact us. We personally answer the phone 6 days a week. We are available through e-mail or you can also contact us on our website.

Our agency is determined to provide the best information and the best quality products available to our clients. Our combined years of experience and well informed advice will assure our customers the peace of mind they deserve.

These standards are ingrained into every product in the Smathers Agency's complete line of coverage. All your insurance needs are secured under one roof.

Here are just a few of the coverages we can offer you:

Personal Automobile	Homeowners

Professional Liability	Medical Supplements

## **A Reputation for Excellence**

---

Your relationship with your insurance advisor is an important one. It is based on good faith, continuing trust, and the exchange of information.

The Smathers Agency is worthy of your partnership. We are a company of proven professionals, pledged to accurately determine the insurance coverage you need, at the most reasonable rate possible. Because we are an independent agency, we work for you not the insurance companies we represent.

But excellence at the Smathers Agency runs even deeper than the traditional insurance products and services we offer to you. Excellence dominates the creative concepts and practical insights that only come from years of experience. That's a claim many agencies can't make. But we put this excellence to work for our customers every day.
